[Destroying the economy would be destroying ourselves. We would not enjoy profiting off our own suffering.](<https://preview.redd.it/ig4uexepjlo91.jpg?width=1123&format=pjpg&auto=webp&s=cf3a2496c9f6c3fd3140e8cd036a7fbee2b96d3f>)

How does investing in a comparatively smaller market cap (8B vs trillion dollar companies), "dying brick & mortar" company destroy the economy?

[As the ancient DD foretold, they may be trying to prepare the narrative to blame retail investors](<https://preview.redd.it/s1xfi6oxjlo91.jpg?width=1912&format=pjpg&auto=webp&s=c1bbde48eeca6588e3f339f9b52dc7b987a22683>)

It is like in **The Big Short**, when Mark Baum says, "I have a feeling that in a few years people are gonna be doing what they always do when the economy tanks. They will be blaming immigrants and poor people".

[Ken Griffin, who allegedly is a narcissistic sociopathic financial terrorist, saying if retail investors feel good about helping wipe out pension plans for teachers using stimulus checks.](<https://youtu.be/g7palUrzpLs?t=1517>) Wow at the mental gymnastics and gaslighting...

Personally, I'm going to reserve judgement until I see it. It has atobitt, Dr. Susanne Trimbath and Dave Lauer in it. It can bring more attention and awareness to the situation. I've seen hints by people who were supposedly involved in its production posting on Reddit to not be biased and watch it first.

The quote from the trailer could have been taken out of context for clickbait and to generate sensationalism.

[Like here, this person happened to have been stating statistics in a rather friendly and calm manner (watch the video) but this video still has been taken out of context and used for the "Triggered Feminist" meme](<https://preview.redd.it/acktoc76wlo91.jpg?width=1024&format=pjpg&auto=webp&s=b1abf7936ca52e464a42e5d0a43331befcdcc85a>)

Preaching to the choir here of course but...

Jan '21 was not a squeeze. The squeeze has not been squeeze.

The GameStop saga is far from over.
