Idk about you guys but all of this financial corruption starting unravel has me sipping a pint and thinking about what's next for GME and the scum that are manipulating the market.

I makes me sad knowing that only the little guys will be hurt and the criminals are going to walk free again and again. I hope you all guys are all good didn't get crushed in the resent FTX collapse.

Let's hope for a good week and keep our heads strong ■■■. Don't forget what we are all here for!! ■
