Since its a gLiTcHy day today, thought i'd share another one. \$TICK data cut off for 29mins, coincidentally to indexs were heading south prior, TICK cuts off boom insta reversal. Check yourselves, i have GME as ticker here , but pull it up with NQ or ES and you can see it.

JIC TICK def = Tick data is ****the highest resolution intraday data and is the sequence of each executed trade or bid/ask quote aggregated from multiple exchanges****
