

Title: Everywhere I read today shoppers aren't showing up. That was definitely not the case irl. Went to GameStop today bought several games and behold PS5 was in stock.

I bought myself one. Took over an hour in line double backed through the store. GameStop was slammed. Everyone was, but especially GameStop. As I was leaving the local news set up outside interviewing people coming out of a no name store next door so they had the crowds not in the picture. Don't buy the lies. Buy and Hod!!
