The only thing to do is panic when there is a halt on GME. Every time. Otherwise the hedgies win. Paper hand everything. Why not? I'm just here to make you wonder when the next time it halts will you be the first in line to cash out? I'm putting that idea right in your brain. Fuck all the fudsters out there that are playing with you right now. Chill out and enjoy the crisp autumn air and have a happy Monday goddamit.
