Saw a post predicting Ryan Cohen tweeting 7 times in July, 4 times in August, and 1 in September. I saw the post before the 4th tweet in August and i thought it was a far reach but then RC tweeted the 4th time and the upcoming Quarter Earnings was coming up, so I was fully ready for sept 7th to be liftoff. Earnings Report has come and gone but no tweet for September and only 12 days left. I really hope this 1 tweet is huge, some piece of info or announcement that starts the rocket maybe a dream but financial freedom this year would be nice
