A [USN:L1N2S70F4 TEXT:"mansion"] belonging to embattled China Evergrande Group's (3333.HK) chairman in Hong Kong's prestigious The Peak residential enclave has been seized by lender China Construction Bank (Asia), local online news outlet HKO1 reported on Thursday.

The report did not say when the 5,000 square-foot (465 square-metre) mansion, which HKO1 said was valued at HK\$700 million (\$89 million), was taken over by the bank.
