Hey fellow smooth brains,

Long time lurker but with everything on the verge of, who knows what, I need to get my ducks in a row.

So let's say this thing shoots up to- xxxxxxxx

Or something more delicious.

And I need to sell a few shares of GME on CS fast. Is that possible? How if they only do sell batch shares at the end of the day? Am I missing something?

Someone help this smooth brain crayon eater out please!
