No conspiracy here.

I believe we are seeing extreme corruption, I believe that FTX and CITADEL are colluding and have come up with a whole plan, have accumulated borrow shares to carry out yesterday's short attack at the exact moment on FTX DRAMA.

But what has changed? NOTHING. The only way to the end game is DRS all available shares.

There are no other escape routes and everything else ****IS ONLY FUD****.

We don't need anything other than our favorite company.

Stay alert and zen my APES
