Hello,

I'm hodling my gme shares like a good diamond hands ape since the artificial growth stop when they cut the climb.

My shares are on etoro, and I myself live in Europe. As far as my searches went, etoro doesn't allow to drs. And I'm a crayon eating level ape when it comes to all this.

Anyone had success doing it? Or, what would be the best way for me to switch to an etoro replacement (and which one would you advise?) to then drs my shares?

I understand I must be the nth ape asking for this kind of help but it takes just one kind soul to make me join properly the movement so I must try
