Dont forget the PPT Pluge protection team is here to help! Help market makers, brokerages, banks, elites, hedge fuds and ever other entity except retail! I would like to take this opportunity to thank the brain dead algorithm suppression systems. I love to get the opportunity to get more shares for my money but alas I will continue to buy at any price low or high. I love gamestop. I love the stonk. I love the chair. The DD has been done, thank you to all that have endure the struggle that comes with that. The greatest irrefutable, undeniable rocket ride of our time keeps getting closer! Buckle up friends there maybe some cognitive dissonance when we launch.
