Happy to look into this for you! I'm not seeing the shares as being available for DRS at the moment. Let me take a look into that and see what's going on there. It'll just be a few moments.

Thank you for the information

Okay I checked with my back office and they said something just needs to be updated during the overnight cycle and that it should be all set to go for DRS tomorrow. You can just chat in whenever is convenient for you and we'll get this going then.
