All you beautiful silverbacks have to get loud, we have to get the message out. This is about showing the average joe who is disconnected from all this, like some or most of us were before gamestop. Get loud about our movement, because our movement is about the people taking the power back from a corrupt government which pretends to enforce laws on wallstr, etc when they're all in bed together. Let's show the world the truth, because what it all will come down to is the media brainwashing people about the GameStop saga, ie. Eat the rich,

Our biggest weapon is knowledge, we must pass on the knowledge we acquired. Our highly detailed investigative DD is enough to let anyone know how fucked up the markets, but more importantly the system is. They're taking your money, your pensions, your fucking last penny while playing the system in which the worst case scenario is a 2% bribing fee. This doesn't concern just us apes, it concerns every single hard working citizen who's gonna get whipped out of his savings so that kenny can buy another ny condo and fill it up with mayo. They're gonna control the narrative, but they can't control the truth.

Get loud, write \$gamestop or r/Superstonk on some bills, talk about the corruption. And I think we could find an ape who could do some videos informing in an easier format so that its more accessible for everybody because remember we are dealing with a lot of crime and law gymnastics, which for anyone getting in for the first time can be too overwhelming. We have the truth but we have to figure out a way to spread it. In the meantime DRS bitch
