This guys from S3 is not on GME holders side, he is just a random boss (look at his face and his automatic wording) who is basically saying : « take this elevator and you will win the game faster ». Would you trust him gamers ? No you would not ! He is trying to get your money in leveraged position (option or whatever) instead of DRS shares, so that he can fuck you up one more time.

I buy and DRS - I trust in Ryan Cohen !

Be safe apes !
