Does GME have to ****close**** above a certain threshold (30.00) in order to trigger any short squeeze ?
("close" as opposed to just going above 30.00 during the trading day)

I seem to remember also that there's a specific day of the week we should be focusing on, on keeping the price above the target.. was it Thursday ?

I know, dumb questions, but what did you expect.. I'm a regarded person
