That's it, the title says it all.

I just initiated the transfer from TR -> IBKR -> CS

Can't wait for these gme shares to land in my CS account !

I'm an europoor by the way and I DRS'd my first batch 8 months ago. I don't know what took me so long to DRS more because it is A LOT like A LOOOOT easier to DRS once you've already done it !

So to all the lazy apes from Europe please hear me out and do what you do best as individual investors who take their own decisions.

BUY HODL DRS !
