Happy Friday everyone,

Canadian holder here since Jan 2021, bought first batch at \$300 plus of GME. As the tile says, I am looking for some info on what I have to do next to get my Computershare account set up? I have received my certificate in the mail and I see people talking about filling out a W8en form and mailing in order to get an access code.

Just looking for a straight forward next steps.

To the Moon!!!.....tomorrow or the next or the day after that!
