Yeah so Teddy trademark is patented and he answers a random fella if they will ship international.

And ya'll so happy about it, marketing that shit like it got anything to do with GME...

How about the past 1.9 years that he has been the chairman of GME and never answered to any of us who BTW the main reason why GME is still breathing and ya'll acting like we got what we were waiting for!!

And for the ones who will say I am a chill, I'll post my 2000+ shares screenshot in 24 hours but until then, I want ya'll to wake the F up!!!

And don't come at me with he owe nthn, if he aint, then yall better rethink on who you should vote as a chairman next year.
