Hello! First time poster long time creeper.

I transferred my shares (Roth IRA/Gamestop Shares) from Fidelity to Mainstar last week. Got my letter for my password and I logged in. It shows my shares in Mainstar and Fidelity shows that it has been pulled out.

How can I tell if my shares are DRS since that was the whole point of moving them to Mainstar. Does it say on the website? Will it show in my Computer Share account?

Can anyone answer my question, please ■

I called Mainstar and they said I have to call to find out if they have been DRS with CS, which sounds silly.

Anyone have experience with this?
