Sup fuckers. realize IDGAF if you agree with me or not. These are about correlations and playing the game of figuring out this man. I'm on my own, i know.. this never stopped from the moment I noticed. I'm having a fun boat ride down fucked up lane to try to understand, "wh█'s in bed with wh█".

Main focus is this tweet here: [https://twitter.com/ryancohen/status/1442208550600671232?s=20](https://twitter.com/ryancohen/status/1442208550600671232?s=20)

But ties into this tweet here: [https://twitter.com/ryancohen/status/1423766191311519747?s=20](https://twitter.com/ryancohen/status/1423766191311519747?s=20)

which was written about [here](https://www.reddit.com/r/DeepFuckingValue/comments/p01bcv/victorias\_secrets\_cohens\_tweet\_was\_a\_message\_to/) & [here](https://www.reddit.com/r/DeepFuckingValue/comments/ozn1dd/cohens\_victoria\_secret\_deciphered\_4d\_chess\_play/).

Interesting enough when looking at victoria's secret after that redditor's video being tweeted, the community [went nuts and educated me a lot](https://www.reddit.com/r/DeepFuckingValue/comments/p01bcv/victorias\_secrets\_cohens\_tweet\_was\_a\_message\_to/) about the eps-tein and we-xner connection. But what if I said at this point, the connections are so well known that we have higher up chairmans letting us know that he knows. I think i have found a perspective to the tweet that noone else has. This was a true WTF moment for me.

For some background, i was reading this article that I tweeted about [here](https://twitter.com/itsalwaysrains/status/1464597865746075651?s=20) which connects ep-s-tein to we-xn-er to certain mob figures in the 30's 50s and onwards. Ties the trade back to prohibition, where ONE person imparticular came out well in what i would call an important turn of evens.

1 Subjects are subjective. facts are not.

2 enough coincidences create a pattern.

3 we're watching some really deeprooted shit getting unrooted at this time, without most people knowing it.

Lewis Rose-nstiel's dark secret

Crucial to Bron-fman's Prohibition-era bootlegging operations were two middlemen, [one of whom](https://books.google.cl/books?id=CMqaBiLPmQYC&pg=PA100&dq=sam+bronfman&hl=es-419&sa=X&ved=0ahUKEwjzYbD2LfjAhWLHbkGHbbgCKc4ChDoAQhGMAQ#v=onepage&q=rosenstiel%20reinfield&f=false) was Lewis "Lew" Rose-nstiel. Rose-nstiel got his start working at his uncle's distillery in Kentucky before Prohibition. Once the law banning alcohol was in force, Rose-nstiel created the Schenley Products Company, which would later become one of the largest liquor companies in North America.

Though he was a high school drop-out and not particularly well-connected socially at the time,

\*\*Rose-nstiel happened to have a "chance" meeting with Winston Churchill in 1922 while on vacation in

the French Riviera.\*\* According to[ the \*New York Times\*](<https://www.nytimes.com/1976/01/22/archives/lewis-rosenstiel-founder-of-schenley-empire-dies.html>)\*, \* \*\*Churchill “advised him [Rose-nstiel] to prepare for the return of liquor sales in the United States.”\*\* Rose-nstiel \*\*somehow\*\* managed to [secure the funding](<https://books.google.cl/books?id=CMqaBiLPmQYC&pg=PA100&dq=sam+bronfman&hl=es-419&sa=X&ved=0ahUKEwjzYbD2LfjAhWLHbkGHbbgCKc4ChDoAQhGMAQ#v=onepage&q=rosenstiel&f=false>) of the \*\*elite and respected Wall Street firm Lehman Brothers\*\* to finance his purchase of shuttered distilleries.

Officially, Rose-nstiel is said to have built his company and wealth \*after\* Prohibition, by following Churchill’s advice to prepare for Repeal. However, \*\*he was clearly involved in bootlegging operations and was even indicted for bootlegging in 1929, though he evaded conviction\*\*. Like Bron-fman, Rose-nstiel was close to organized crime, particularly members of the mostly Jewish-American and Italian-American mob alliance known as the National Crime Syndicate.

Subsequent New York state legislative investigations would [allege that ](<https://www.nytimes.com/1971/02/19/archives/exhead-of-schenley-industries-is-linked-to-crime-consortium.html>)Rosenstiel “was part of a ‘consortium’ with underworld figures that bought liquor in Canada [from Samuel Bron-fman]”, whose [other members](<https://www.nytimes.com/1971/02/19/archives/exhead-of-schenley-industries-is-linked-to-crime-consortium.html>) were “Meyer Lan-sky, the reputed organized crime leader; Joseph Fus-co, an associate of late Chicago gangster Al Cap-one and Joseph Lin-sey, a Boston man Mr. Kelly [the congressional investigator testifying] identified as a convicted bootlegger.” Rosenstiel’s relationship with these men, [particularly Lan-sky](<https://www.nytimes.com/1971/02/19/archives/exhead-of-schenley-industries-is-linked-to-crime-consortium.html>), would continue long after Prohibition and Samuel Bronfman, for his part, would also maintain his mob ties.

In addition to his friends in the mob, Rosenstiel also cultivated close ties with the FBI, developing[ a close relationship](<https://slate.com/human-interest/2015/05/bourbon-empire-lewis-rosenstiel-and-how-bourbon-became-americas-native-spirit.html>) with longtime FBI Director J. Edgar Hoover and making Hoover’s right-hand man and longtime assistant at the FBI, Louis Nichols,[ the Vice President](<https://www.nytimes.com/1971/03/12/archives/rosenstiel-link-to-crime-denied-but-schenley-aide-concedes.html>) of his Schenley empire in 1957.

Despite their similar backgrounds as bootlegger barons turned “respectable” businessmen, Bron-fman’s and Rose-nstiel’s personalities were drastically different and their relationship was complicated, at best. One example of the dissimilarities between North America’s top liquor barons was how they treated their staff. Bron-fman was not necessarily known for being a cruel boss, whereas Rose-nstiel[ was known for](<https://books.google.cl/books?id=CMqaBiLPmQYC&pg=PA100&dq=sam+bronfman&hl=es-419&sa=X&ved=0ahUKEwjzYbD2LfjAhWLHbkGHbbgCKc4ChDoAQhGMAQ#v=onepage&q=rosenstiel&f=false>) his erratic and “monstrous” behavior towards employees as well as his unusual practice of bugging his offices in order to hear what employees said about him when he wasn’t present.

**\*\*Rosenstiel was connected to both the FBI and to organized crime\*\***

Such differences between Bron-fman and Rose-nstiel were also reflected in their personal lives. While Bronfman married only once and was loyal to his wife, Rose-nstiel was married five times and was known for his relatively closeted bisexual antics, a part of his life that [was well-known](<https://books.google.cl/books?id=CMqaBiLPmQYC&pg=PA100&dq=sam+bronfman&hl=es-419&sa=X&ved=0ahUKEwjzYbD2LfjAhWLHbkGHbbgCKc4ChDoAQhGMAQ#v=snippet&q=rosenstiel%20rosie&f=false>) to many of his close associates and employees.

Though for years there were only hints to this other side of the controversial businessman, details emerged years later during a divorce proceeding brought by Rosenstiel’s fourth wife, Susan Kaufman, that would back the claims. Kau-fman [alleged](<https://books.google.cl/books?id=CMqaBiLPmQYC&pg=PA100&dq=sam+bronfman&hl=es-419&sa=X&ved=0ahUKEwjzYbD2LfjAhWLHbkGHbbgCKc4ChDoAQhGMAQ#v=snippet&q=rosenstiel%20cohn&f=false>) that Rose-nstiel hosted extravagant parties that included “boy prostitutes” that her husband had hired “for the enjoyment” of certain guests, which [include d](<https://books.google.cl/books?id=CMqaBiLPmQYC&pg=PA100&dq=sam+bronfman&hl=es-419&sa=X&ved=0ahUKEwjzYbD2LfjAhWLHbkGHbbgCKc4ChDoAQhGMAQ#v=snippet&q=rosenstiel%20cohn&f=false>)

X&ved;=0ahUKEwjzYbD2LfjAhWLHbkGHbbgCKc4ChDoAQhGMAQ#v=snippet&q;=rosenstiel%20cohn&f;=false) important government officials and prominent figures in America's criminal underworld. Kaufman would later make the same claims under oath during the hearing of the New York's State Joint Legislative Committee on Crime in the early 1970s.

Not only did Rose-nstiel organize these parties, but he also made sure that their venues were bugged with microphones that recorded the antics of his high-profile guests. Those audio recordings, Kau-fman alleged, were then kept for the purpose of blackmail. Though Kau-fman's claims are shocking, her testimony[ was deemed credible](<https://books.google.cl/books?id=HpUaYvBsW-MC&pg;=PT11&dq;=lewis+rosenstiel&hl;=es-419&sa;=X&ved;=0ahUKEwjAzq2KkLjjAhUGlosKHQMsCpsQ6AEILzAB#v=onepage&q;=lewis%20rosenstiel&f;=false>) and held in high regard by the former chief counsel of the Crime Committee, New York Judge Edward McLau-ghlin, and committee investigator William Gall-inaro and aspects of her testimony were later corroborated by two separate witnesses who were unknown to Kau-fman.

These "blackmail parties" offer a window into an operation that would later become more sophisticated and grow dramatically in the 1950s under Rose-nstiel's "field commander" (a nickname given by Rose-nstiel to an individual to be named shortly in this report). Many of the people connected to Rosenstiel's "field commander" during the 70s and 80s have again found their names in the press following the recent arrest of Jeffrey Eps-tein.

Bruh.

The parallels are real imho. Read the article and give me your thoughts on this.

I think the chairman knows WAY more than he will ever say. This is multiple tweets leading directly to associates of the wexner.

I'll take , "whom was Lewis "Lew" Rose-nstiel" for 100.

This picture makes me think of Wayfair. the \$20k cupboards that were online and a front. maybe. maybe not.
