Ok. Gensler has agreed to do another interview with Stewart. In the first interview Stewart did not make Gensler and the SEC look good. He made them look weak and ineffectual - bordering on criminal. Gensler knows this. He's many things but he's not stupid. So why would Gensler agree to do yet another interview with a guy that took him to the wood shed and why would he choose now? What misinformation or slight of hand does the government want to get out in front of the apes? GME.
