Hello Guys,

i forgot my security questions and my account on Computershare is locked now. I am from Germany and my english is bad and dont want to call them via mobile.

I want to write a letter and send it to the US. What should i write into the letter in order that the account is mine? I got a automated mail from CS with the adress:

Computershare, 150 Royall Street, Suite 101, Canton, MA 02021

Is the adress right?

There are to addresses. One normal mail and one is overnight courier? Should i send to the overnight courier? Man this ist all so complicated wtf..

Thank you very much guys! GME TO THE MOON!
