I'm sorry but no other questions matter to me imo as far as GME goes. Can we please get the most upvoted/most liked question to be the DRS one.. ya know the only one that truly matters to us at this point? Every other question feels like a massive ass waste of time with gary likely giving us diarrhea at the mouth type answers that lead to no where. (See pfof)

I want to know what happens to these shorts when DRS is 100% through cs. I want to hear a clear and concise answer also. No bull shit. No Jon Stewart cutting him insane amounts of slack like last time please.

So gary what is it? Please tell us.

DRS GME. F you pay me ken.
