What will happen if he sells his GME positions ? Is there a clause that stops him from selling his shares ?
I'm not trying to spread any fud or negativity, just want some logical answers.

\-baby sell off , Ongoing market crash, Ftx.com / Ftx.us., all the extra fud that's going on

I get it .. no one knows anything ! stay zen and DRS your shares .. but all this red after two years is starting to creep in to my head. What's your take on the whole situation ?
