Who is really getting the bottom dollar on these loans? What banks are holding these loans? Could GameStop see a huge wave of buys/drs with people getting refund?

This all feels very weird, I can't make sense of it. Where is the money going to flow? Pumping more money into people's hands and cover the banks again. Most days I want to try to reach out and tell people what is going on in the financial world and how it really is due to a few small groups of wealthy elite. Leaving so many people to struggle..

...or maybe I am just a dumb ape..
