Gosh these are exciting times, aren't they? Volume drier than the sahara, parabolicism over \$30 louzy bucks, absolutely zen bunch of regards, making the Dalai Lama jealous.

Anyway I was talking to my friend and he mentioned the age old tradition of Gamestop Eve.

He told me, it is quite similar to Christmas Eve and has been around for nearly as long!

On the 23rd of December, practically every year, the Gamestonkers celebrate Gamestop Eve! How do they celebrate? I asked. Well, my buddy explained, all the jolly gamestonkers hold their nut for usually 2 months. So instead of purchasing el dip, they sit on their hard earned cash. Then when it is the 23rd they gift themselves the wonder of DRS'd shares.

But why? I asked. Because the gamestonkers are a community and a community likes to undertake together, especially with such low volumitis, he told me. He even told me that based on the last name of a gamestonker, the jolly stonker knows at what time to purchase their delicious stonks on the 23rd.

Well that is just silly, i said, how would they know?! Well my buddy let me in on the secret: surname starting with A, B, C, D, E, F would purchase at opening +1h, surname starting with G, H, I, J, K, L, M would purchase at opening +2h, etc.

Gee whiz, I told my buddy, that is mighty swell of those gamestonkers. I think I might join 'm this year!
