Would somebody kindly post this to Superstonk for analysis and investigation by the wrinkly brain trust please? I do not meet the requirement. Thank you.

Interactive Brokers is yet again involved. I am reminded of Peterffy's, "We have come dangerously close to the collapse of the entire system," speech. Does this not mean IBKR has the obligation to purchase/locate if it does not hold enough of the underlying security i.e. GME? Run on the broker or clearing house? Rhyme of the Jan '21 sneeze?
