(I had a high-idea)

What if getting a PowerUp Rewards Pro subscription was also talked about when telling friends about supporting GameStop.

I already Hold, hodl

I buy what I can to drs and lock the float.

I have a Pro subscription.

Imagine if everyone who buys GME also got a Pro subscription.

We could add support not just on the Investor side, but also the Retail purchasing side as well.

A \$14.99 per year sub x everyone that buys GME... that would be some few million dollars in passive revenue for the company for operations or whatever.

I dunno... I'm stoned, love the stock, individual investor, and love red crayons.

Thoughts? Discussion?
