Seems like there was some kind of glitch in the volume today, different brokers says wildly different volumes. Yahoo says a spike of 2.69M volume, while others brokers shows "normal" trading; or trading like usually

[Seems like Yahoo is the only one showing the volume spike](<https://preview.redd.it/uq6p8ytzs7t91.png?width=1546&format;=png&auto;=webp&s;=bec8ea56d1ef7e2cf8185d06a4ceef3444c90152>)
