That's the question. Did they or didn't they commit fraud against GME?

Seems like a black or white answer, so what the heck happened?

Wasn't it beyond clear that they didn't process the split correct and fucked us through multiple brokers? Aaaaaand Gamestop came out and said what we all were wondering. They literally confirmed that it was processed incorrectly. So wtf are we doing here?

Anyways DRS until Ken Griffin is getting fucked in jail with a bedpost or I see phone numbers in my account.
