This table will automatically update whenever there is a change to available shares or borrow fee as reported in Fidelity Active Trader Pro. Note that these available shares are different than those reported by Interactive Brokers, which you can find at [gme.crazyawesomecompany.com/](https://gme.crazyawesomecompany.com/) and elsewhere. Fidelity's borrow rate has typically moved less frequently than iBrokers. This is a work in progress so I appreciate any comments/suggestions.

Edit:

- 7:31am - keep in mind that there is normally a big influx of shares around 9am.
- 7:46am - just noticed zero shares available at interactive brokers.
